Your Policy

Your policy is a contract with Citadel Insurance p.l.c. The policy describes the terms and conditions of insurance cover provided during the period of insurance **you** have paid for or have agreed to pay for, and for which **we** have accepted the premium.

The information provided on the proposal form (where applicable) forms the basis of **your** policy. For the contract to be valid all the information **you** give **us** must be true, accurate and complete to the best of **your** belief.

The proposal form, **insurance certificate**, benefit table, any endorsements to this policy and any changes that you will be notified about in writing, will form part of the contract of insurance with **us** and should be read as if they are one document. Please keep all documents in a safe place and check them regularly to ensure that the details **we** hold are correct.

Your policy is governed by Maltese Law unless **we** have agreed otherwise.

Throughout this document singular words include the plural and words in the masculine also apply to the feminine, where appropriate.

The policy provides cover for **fair and reasonable costs** incurred for eligible **treatment**, within the **area of cover** and the benefit limits of **your** selected plan, which:

- i) takes place while **your** policy is in force. **We** do not pay for **treatment** received after **your** policy has ended, even if this is related to **treatment** which started during **your** period of cover;
- ii) is medically necessary, appropriate for **your medical condition** and in line with recognised established medical practice at the time of **treatment**;
- iii) is given by a **GP** or **specialist** and takes place in a **hospital / clinic** or other facility approved by **us**;
- iv) intended to cure an **acute medical condition**, an **acute flare-up** of a **chronic medical condition**, or to return **you** to **your** state of health immediately before the occurrence of **your** condition;
- v) is of a short term nature. **We** will pay for up to 180 days of **treatment** for any **medical condition** in a policy year. When a **medical condition** is stabilised **we** will stop claim payments. **We** also reserve the right to determine when a **medical condition** has become **chronic** or recurrent in nature and apply exclusions to **your** policy in respect of this with immediate effect;

and is subject to any terms and conditions laid out in this policy, the benefit table and **your insurance certificate**.

Always refer to **your insurance certificate** before making a claim as this shows which cover option **you** have and any special terms that are specific to **your** policy. If a cover option does not show on **your insurance certificate** then **you** do not have that cover.

Benefit Tables

The limits on the benefit tables apply per insured, per period of insurance.

Guidelines to the Policyholder

The overall annual maximum benefit detailed on the benefit tables is the maximum amount that **we** will pay in a period of insurance.

Specified benefit limits apply per year, unless otherwise specified on the benefit tables. **We** will stop paying claims within the period of insurance once a specified limit is reached. The benefit limits will be reset to the amount shown on **your** benefit table at policy renewal.

Eligibility

The insured must be habitually resident in **Malta** for at least 245 days each year; age restrictions for a new health insurance proposal may apply. **We** may at **our** discretion request proof of identity.

If **we** refuse to provide cover **we** will notify **you** in writing however **we** are not obliged to state the reasons for **our** decision.

Any member who is under 65 year of age at the policy start date.

Accepting Your Proposal

The method of underwriting **your** proposal will be one of the following; this will be specified on **your insurance certificate**.

i) Full medical underwriting

Your policy does not cover **medical conditions** (and any **medical conditions** associated with them) which existed before **your** policy start date. When completing **your** proposal form **you** gave **us** details of **your** medical history and that of any insured **dependants**. Any **pre-existing medical conditions** **you** had in the past and which are likely to require **treatment** in the future have been excluded either indefinitely or for a set period of time.

Where necessary **we** may seek information from any **medical practitioner, hospital / clinic, laboratory, other health providers, and other health insurance providers** that have records of **your** medical history in order to verify the information

provided during the underwriting process or at any time thereafter. If **you** fail to provide **us** with full and accurate information on **your** proposal form, then this may result in delayed or rejected claims and, in some circumstances, in **us** cancelling **your** policy or applying personal exclusions with effect from policy inception.

ii) Continued personal medical exclusion

If **you** have been covered by another insurance policy where **you** had completed a proposal form giving **your** medical history and were medically underwritten immediately before transfer to Citadel Insurance p.l.c., any exclusions applied on **your** previous **insurance certificate** will be transferred to **your** policy. **You** will not be covered for any **medical condition** which was excluded by **your** previous insurer, or which existed before **you** took out **your** previous policy, whether this was disclosed to **your** previous insurer or not. **We** reserve the right to impose personal exclusions in such cases.

The benefits, terms and conditions of this policy may be different from those of **your** previous policy.

iii) Medical history disregarded

No personal exclusions have been applied in relation to **pre-existing medical conditions**. This does not affect the other terms and conditions of this policy.

Additionally **we** may impose personal exclusions for **medical conditions** that have become **chronic** in nature during a policy year. These exclusions cannot be reviewed.

Reviewing of personal exclusions

Personal exclusions may in certain cases be reviewed. A review date will be specified in the **insurance certificate**, **you** may request a review within thirty (30) days of **your** renewal date which falls in the same year as specified on the exclusion wording. **We** would need medical evidence to help **us** assess the eligibility of **your** request. Any such evidence will have to be obtained at **your** expense.

Guidelines to the Policyholder

Adding dependants to your policy

You may apply to include **dependants** to **your** policy at the policy renewal date. Inclusion will be subject to a completed proposal form and premium payment.

We will accept inclusion of a newborn child to **your** policy as an insured **dependant** on **your** same plan if **you** advise **us** within sixty (60) days of the child's birth date. **You** will be required to produce a copy of the child's birth certificate.

If **you** have been insured for at least one year before the birth: (i) **we** will not apply the exclusion for **pre-existing medical conditions** or require the child to be medically underwritten; and (ii) no premium will be charged for the child until the next renewal date from the child's date of birth.

In the case of a child born as a result of assisted conception (other than artificial insemination), or in the case of an adopted or fostered child, **you** will be required to produce evidence of the child's health, and the child will be subject to full medical underwriting. **Treatment** for any congenital deformity would also be excluded from cover in such instances.

Policy period

The policy is issued for a period of one year with effect from the start date unless otherwise agreed by **us**.

Policy renewal

The policy will terminate automatically on the end date. At the end of the policy period, and subject to **our agreement**, **you** may renew **your** policy on the terms and conditions and premium which will be notified to **you** in writing. Renewal is subject to payment of premium prior to the end date.

Premium payment

You are responsible for paying all premiums due. Premium is payable in Euro.

If premium is not paid by the due date the policy may be cancelled, and reinstatement of cover will be at **our** sole discretion. **We** reserve the right to defer payment of any claims pending settlement of outstanding premium.

Making changes to your policy

Please notify **us** in writing of any changes in **your** correspondence details.

You may change **your** insurance plan at policy renewal. Benefit improvements/upgrades may be subject to medical underwriting and cover for **medical conditions** existing at the time of the upgrade may be restricted to the benefits of **your** previous plan.

If we make changes to your cover

From time to time **we** may review policy terms and conditions, benefit limits, premium payable and the procedure for claiming. Changes will be effective to **your** policy from **your** policy renewal date.

A new **insurance certificate** will be issued to record any changes. This will replace any earlier **insurance certificate** issued.

Profession Secrecy Act, 1994

We are bound by the Professional Secrecy Act, 1994 with respect to information **you** give **us** in connection with **your** policy. However, the Insurance Business Act, 1998 provides for the exchange of such information with any other insurance company, insurance intermediary and/or the Commissioner of Police solely for the purpose of preventing, detecting or suppressing of insurance fraud.

Cancellation

You may cancel **your** policy by writing to **us**. **We** reserve the right not to refund part or all premiums **you** have paid. No premium refund will be made if any claims have been paid in the last policy period.

We may cancel, refuse to renew or change the terms of **your** policy at any time if **you** commit a material breach of the terms and conditions of **your** policy, including but not limited to:

- the non-payment of premium when it is due;
- misrepresentation, non-disclosure and failure to act in utmost good faith;
- attempting to claim benefit that **you** know **you** are not entitled to claim;
- **you** and/or any **dependant** are living or travelling outside of **Malta** for more than 245 days in a policy year.

Compliance with Policy Terms

Our liability under this policy is subject to **your** full compliance with the policy terms. Failure to comply with the policy terms and conditions and/or making a dishonest claim may result in **us**:

- refusing to effect payment in respect of **your** claim;
- refusing to renew **your** policy;
- imposing different terms and conditions in respect of the cover provided;
- terminating **your** policy with immediate effect; or

- declaring **your** policy null and void in the event of misrepresentation or the nondisclosure of a **pre-existing medical condition**, and recovering any benefits already paid.

Waiver of Policy Terms

The non application or enforcement by **us** of any of the policy terms and conditions will not prevent **us** from doing so at a later date.

Maltese Contract and Jurisdiction

The policy is, for all intents and purposes, deemed to be a Maltese contract and shall be governed by the laws of **Malta** and subject to the exclusive jurisdiction of the Courts of **Malta**. The benefits provided in the policy shall apply only to judgements, awards or orders that are delivered by or obtained from a Court in **Malta**.

Furthermore, the benefits shall not apply to a judgement, award or order obtained in **Malta** for the enforcement of a judgement obtained elsewhere, or to costs and expenses of litigation recovered by any claimant from **you** or any other persons entitled to indemnity under this policy, which costs and expenses of litigation are not incurred in **Malta**.

Arbitration

Any dispute, controversy, claim or matter arising out of, concerning or relating to the policy, shall solely and exclusively be referred to arbitration. The arbitration shall take place in accordance with the prevailing rules of arbitration under the **Malta** Arbitration Act, 1996, and held at the **Malta** Arbitration Tribunal. There shall be a sole arbitrator, who will be appointed by **agreement** between **you** and **us**.

Compensation Scheme

A compensation scheme is available under the Protection and Compensation Fund Regulations 2003 should an insurer become insolvent in respect of obligations that arise from a policy of insurance issued in **Malta**, subject to such limitations, restrictions and exclusions as may from time to time be in force.

Group Health Insurance

The terms and conditions of **your** group insurance policy are governed by an **agreement** between the sponsor (usually your employer) and Citadel Insurance p.l.c.. No legal contract exists between **you** and **us** covering **your** membership of the plan.

This **agreement**, together with **your** policy, set out the details of **your** cover subject to any variations agreed between **us** and **your** sponsor, who is responsible for informing **you** of any variations in the terms and conditions of **your** cover.

All documentation is sent to **you** via **your** sponsor. Any enquiries regarding **your** cover are to be directed to the group administrator or person responsible for administering the policy on behalf of **your** sponsor.

Eligibility

Only persons confirmed by the sponsor and listed in the **agreement** are eligible for cover under the group policy.

Paying premiums and renewing your policy

The sponsor is responsible for paying **us** the premium payable in respect of the group health insurance policy, unless otherwise agreed.

Renewal of **your** cover is subject to **your** sponsor's instructions to renew **your** cover under the **agreement**.

Changes in cover

The terms and conditions of **your** cover may be changed by **agreement** between **your** sponsor and **us**. However any such changes may only be made at renewal date.

Cancelling your policy

Besides what is stated in section Our Right to Cancel **Your** Policy, **your** sponsor may request that **we** cancel **your** cover. This is generally the case upon termination of employment, where company-paid health insurance cover ceases. Instructions to terminate **your** membership will automatically mean termination of **your dependants'** cover.

No premium refund will be due if claims have been paid. Once **we** receive notification of cancellation and a premium refund has been issued, no further claims will be settled even if the **treatment** date is within **your** period of cover.

Furthermore **your** membership will automatically terminate if:

- the **agreement** between **your** sponsor and **us** is terminated;
- **your** sponsor does not renew **your** membership;
- **your** sponsor does not pay the premium due under the **agreement**;

You may apply to continue **your** health insurance policy on an individual basis. **We** reserve the right to request a proposal form and to apply exclusions for any **existing medical conditions** even if such **medical conditions** were previously covered under the group policy.

We may cancel a group health insurance policy if there is reasonable evidence the sponsor has misled **us** or withheld necessary information from **us**.
